

Three-Day Training Program On “Countering the Financing of Terrorism Mock-Trial for Judges and Prosecutors BATCH-01 (FROM 07 – 09 MARCH 2023)

Background Context

❖ The United Nations Office on Drugs and Crime (UNODC) under country program 2022-2025 (Sub-Programme IV: Preventing & Countering “Terrorism”) was planning to organize two mock-trial workshops on countering the financing of terrorism (CTF) for Judges, Prosecutors, and Investigators on 07-09 March 2023 and 13-15 March 2023 in Karachi at Sindh Judicial Academy (SJA).

❖ The objective of mock-trial workshops was to improve the understanding of criminal justice practitioners in Sindh on the legal framework related to CTF in addition to the trial process through hands-on exercises, particularly focusing on courtroom skills and techniques. The participants would role-play as investigators, prosecutors, witnesses, and jury by working together to present a fictitious trial of a terrorism financing case. The workshop would provide an opportunity for participants to enhance their skills and knowledge of legal procedures and strategies through peer mentoring and feedback.
